

INTRODUCING THE NEW IVS POWER VAC COMBOS!

INCREDIBLY POWERFUL

INDUSTRIAL VACUUM SYSTEMS

The new IVS Power Vac Combos are designed to be wash owner friendly.

These new products are easy to maintain and easy to service combination vacuums that allow you to sell your customers new features while costing you less.

- Simplified design utilizing the Dixmor LED6 Sooper display as timer and control, all in one.
- 2 fragrances or 1 shampoo capability.
- 2 or 3 extended brush life motors.
- Lockable cash box keeps profits secure and out of sight.
- Heavy 12-gauge steel doors and control box with high security plug style locks.
- Accepts coins, bills, credit cards and mobile payments.
- No jugs or tanks to refill.
- Bottom of the unit offers ample space for your own gallon jugs.
- Industrial, heavy-duty relays and contactors.
- Compact profile uses standard vacuum mounting pattern for easy upgrading from your existing vacuums.
- Lock shroud option to provide limited access to filters and debris collector.

Domes and hoses available in five vibrant colors
